Education

Savitribai Phule Pune University **Pursuing**
Bachelor of Computer Engineering *Pune, Maharashtra.*

Government Polytechnic Nandurbar **Sep. 2022 – May 2024**
Diploma In Computer Engineering *Nandurbar, Maharashtra.*

Relevant Coursework

- Cyber Security
- Software Methodology
- Data Structure
- Database Management
- Network System.
- Internet Technology
- Computer Programming
- Computer Architecture

Experience

Proworld Technology Nashik. **June 2023 – July 2023**
Software Engineer Intern. *Nashik, Maharashtra.*

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Implemented a Jenkins CI/CD framework that reduced manual intervention in deployment activities by 90%, allowing for daily updates to be processed with a turnaround time of less than 30 minutes.
- Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

Projects

Beast Fitness Application | *Java, Xml, Android Studio* **January 2024**

- Created a fitness tracking app featuring workout plans, progress monitoring, and personalized fitness goals.
- Designed and integrated a user-friendly UI using XML for seamless navigation and real-time workout logging.
- Designed performance analytics dashboard using Java that tracked user progress; findings from this analysis informed adjustments leading to a 40% increase in daily active users within two months post-launch.

Jarvis Desktop Voice Assistant | *Python, VS Code* **May 2023**

- Developed a voice-activated desktop assistant capable of performing tasks such as opening applications, conducting web searches, and sending emails. Integrated speech recognition and text-to-speech functionalities using Python libraries, including Speech Recognition and pyttsx3.
- Designed the assistant to handle user queries and automate daily tasks through voice commands.

Spotify Clone | *Front-end Design.* **February 2023**

- Created a visually appealing and responsive UI for a Spotify like music streaming application, employing HTML, CSS, and JavaScript; received positive feedback from over 200 beta users, improving customer satisfaction by 30%.
- Implemented UI components including music player controls, playlists, album covers to ensure a clean, modern appearance.
- Prioritized user experience by ensuring smooth navigation and incorporating interactive design elements.

Technical Skills

Languages: Python, Java, C, C++, HTML/CSS, JavaScript, SQL
Developer Tools: VS Code, Eclipse, Android Studio

Leadership / Extracurricular

Team Coordinator **Dr. D. Y. Patil College of Engineering | 2025**

Effectively managed the code Fest organized by our college and led to the success of the event. Handled more than 100 students and managed everyone with their projects and competition.

Additional Information

Permanent address : Nandurbar, Maharashtra
Date of Birth : 27 july 2003
Languages known : Marathi, Hindi, English
